A BETTER US.

Annual Community Campaign HASTINGS FAMILY YMCA

People need certain things to thrive. We need to eat well, stay safe, be active, spend time together, learn and grow. Sadly, in an increasingly technological and polarized world, it's not always easy to get what we need. Playing outside has become a rarity. Face time happens through a phone. And instead of seeing the income gap shrink, it seems all we do is watch it grow.

But where society falls short, the Y steps in.

Because after 135 years of serving community, the Y knows what we need to be our best selves. So, it gives us a place to play, to learn, to be healthy, to eat well and give back. It gives parents childcare, young adults job training and children a safe place to go. Everything the Y does is in service of making us better.

For a better you. For a better community. For a better country.

For a better us.

More than \$112,000 in financial assistance for low income families and individuals is given annually to ensure no one is denied access due to inability to pay. An additional **\$100,000** is needed to keep programming affordable for those in the community.
